

Prototype output only, demonstrating that the planning application data standard can generate a working form; not a production service and not to be issued as an official application form.

Prior approval: Additional storeys

Enlargement of a dwellinghouse by construction of additional storeys

Submission details

Details about the submitted payload, including how it is identified, routed, validated, handled and traced

Submission reference

A unique reference for the submission

Specification profile

The specification profile used to determine context-specific allowed codelist values for the application

☐

MHCLG core – The core national specification profile used by MHCLG.

☐

GLA – The Greater London Authority profile used where GLA-specific requirements apply.

☐

National public view – The national public view publication profile.

Submitted at

The date and time the application was submitted

Created at

The date and time the submission payload was created

Documents

List of submitted documents with references and details

Reference

Unique reference for the document within this application submission, generated by the submitting system

Name

The name or title of the document

Description

Brief description of what the document contains

Document types

List of codelist references that the document covers

You may provide more than one answer.

- ☐ Acoustic report – A report measuring the noise environment for a new development or its effect within a proposed development
- ☐ Affordable housing statement – This statement should set out how the development scheme will comply with the local authority's affordable housing policy
- ☐ Air quality assessment (AQA) – An assessment of the impact on air quality around the development and during the construction phase
- ☐ Arboricultural impact assessment – A supporting report from an arboriculturist for any proposed work on trees - providing detail on the conditions of the trees on or next to the development site
- ☐ Archaeological assessment – An evaluation to identify and assess the potential of an area to contain as-yet unrecorded archaeological sites
- ☐ Biodiversity survey and report – Information on biodiversity interests and protected species and any possible impacts on them from the development, plus details of any measures proposed to mitigate or compensate for the impacts
- ☐ Community infrastructure levy (CIL) form – A form that must be completed to determine whether the development is subject to a CIL payment
- ☐ Condition of Trees – Written arboricultural advice
- ☐ Application form – The application form required for a planning application, including the relevant sections and questions
- ☐ Daylight and sunlight assessment – An assessment to evaluate the potential impact of a proposed development on the amount of natural light received by surrounding properties
- ☐ Design and access statement – A report accompanying and supporting a planning application that explains how a proposed development is a suitable response to the site and its setting, and demonstrates that it can be adequately accessed by prospective users
- ☐ Elevation - existing – What a building or structure currently looks like from the outside at a scale of 1:50 or 1:100
- ☐ Elevation - proposed – Showing how the building will look after work has been carried out at a scale of 1:50 or 1:100
- ☐ Energy statement – A detailed report about how a planned development will meet the energy efficiency standards set by the local planning authority
- ☐ Environmental Impact Assessment (EIA)
- ☐ Environmental Statement – A statement setting out an assessment of the likely environmental effects of the proposed development - this is only required if the local planning authority deem the application to have environmental impacts after the Environmental Impact Assessment has been assessed
- ☐ Flood risk assessment – An assessment of flood risk that needs to be completed if the proposed development is within a flood risk zone to show the potential impacts of the development on flooding and propose mitigation, such as SuDs
- ☐ Floor plan - existing – Floor plans showing the building as it is now, usually at a scale of 1:100, but can be 1:50 if done to maintain consistency from the elevation drawings
- ☐ Floor plan - proposed – Floor plans showing the proposed changes to the building, usually at a scale of 1:100, but can be 1:50 if done to maintain consistency from the elevation drawings
- ☐ Heritage impact assessment – If the site is close to a heritage asset or conservation area a report is needed to assess the effect of the proposed development on the significance of the heritage
- ☐ Heritage statement – This statement describes a heritage asset, its significance and the proposed works that are being applied for
- ☐ Hydrocarbon Licence – Proof of exploration rights from North Sea Transition Authority (NSTA)

- ☐ Land contamination assessment – Report on potential land contamination issues - if contamination is found on site remediation and mitigation proposals will need to be included
- ☐ Landscaping plan – A plan of a site considering both soft-landscaping (natural elements like flowers, trees, and grass) as well as hard-landscaping (man-made features like lawn furniture, fountains, and sheds)
- ☐ Lighting assessment – A lighting assessment is required for all applications that include use of floodlighting or a significant amount of external lighting
- ☐ Location plan – A location plan that shows the site outlined clearly in red in relation to the surrounding area, at a scale of 1:1250 or 1:2500, showing at least 2 named roads and surrounding land and buildings. A blue line must be drawn around any other land owned by the applicant close to or adjoining the application site
- ☐ Noise and Traffic Assessment – Evaluates operational impact on surrounding communities
- ☐ Noise assessment – A report that assesses the impact of noise from the proposed development on the surrounding area
- ☐ Site photographs – Pictures to show the existing context and condition of the site and surrounding area
- ☐ Planning statement – The statement identifies the context and need for a proposed development, and assesses how the development is in accordance with the relevant national and local policies
- ☐ Roof plan - existing – Drawing showing the roof as it is now
- ☐ Roof plan - proposed – Drawing showing the proposed changes to the roof
- ☐ Schedule of Works
- ☐ Section - existing – A plan that shows an existing vertical cut through a building or site, revealing the interior and exterior profiles
- ☐ Section - proposed – A plan that shows the proposed vertical cut through a building or site, revealing the interior and exterior profiles
- ☐ Site plan – A site plan that shows the proposed development in relation to the site boundaries and other existing buildings at a scale of 1:200 or 1:500 is advised
- ☐ Site restoration plan
- ☐ Sketch Plan – Often a plan showing the position of the trees listed in an application
- ☐ Statement of community involvement (SCI) – Sets out how residents and businesses have been involved in the design and development process of the proposals
- ☐ Structural damage report – A report that relates specifically to the structural condition of the property if it has been affected by nearby trees
- ☐ Subsidence Report – A report by an engineer or surveyor describing damage, vegetation, soil, roots, and repair proposals
- ☐ Sustainable Drainage Strategy (SuDS)
- ☐ Transport assessment or statement – A description and analysis of the existing transport conditions and details of the expected impact of the proposed development on the local transportation system
- ☐ Travel plan – A package of actions to encourage safe, healthy and sustainable travel options for a new development
- ☐ Ecology Assessment – A document to identify how protection of biodiversity and habitat quality will be achieved and enhanced, where possible.
- ☐ Fire statement – A report that sets out how the proposal handles the fire safety aspects, including details of fire safety measures, access for firefighting, and evacuation plans.
- ☐ Habitat baseline plan

- ☐ Proposed habitat plan
- ☐ Sustainability statement – A report that outlines how the development will meet sustainability objectives, including energy efficiency, water conservation, and waste management.
- ☐ Biodiversity Net Gain Metric – A metric used to assess the biodiversity value of a site before and after development, ensuring that the development results in a net gain for biodiversity.
- ☐ Site investigation – A report or investigation assessing ground conditions and potential contamination risks at the site, including whether further investigation, risk assessment or remediation is needed.
- ☐ Construction management plan – A plan setting out how construction works will be managed to reduce impacts during development, including matters such as access, deliveries, working hours, noise, dust and parking.
- ☐ Waste management plan – A plan setting out how waste from the proposed development will be stored, collected, managed or disposed of during construction or operation.
- ☐ Water impact assessment – An assessment of how the proposed development may affect water bodies, water quality, water supply or related water environments.

Uploaded date

The date the document was uploaded to the application

File

Details of the digital file attached to a submission

Base64

Base64-encoded content of the file for inline file uploads

Filename

Name of the file being uploaded

MIME type

The file's MIME type such as application/pdf or image/jpeg

File size

Size of the file in bytes that can be used to enforce limits

Fee

The fee payable for the application including amounts and transaction details

Amount

The total amount due for the application fee

Amount paid

The amount paid towards the application fee

Transactions

References to payments or financial transactions related to this application

You may provide more than one answer.

Description of work impacts and risks

How the proposed development may affect nearby amenities, air traffic, defence assets or protected views.

Description

Description of proposed development including details of proposed work and external appearance

Dwellinghouse height

Height from ground to highest point of roof in metres

Proposed height

Height once the additional storeys have been added in metres

Impact on amenity

Details of the impacts on the amenity of any adjoining premises including overlooking, privacy and the loss of light including how these will be mitigated

Air traffic defence impacts

Details of any air traffic and defence asset impacts, including how these will be mitigated

Protected view impact

Details of the impact on any protected view where relevant

Eligibility related works

Whether any related works such as scaffolding required will affect the eligibility of the planning proposal

External support required

Will the proposed engineering works include external support structures or extend beyond the curtilage for wall or foundation strengthening

☐

Yes

☐

No

Eligibility current building

How the current building meets eligibility criteria

Was constructed between 1948 and 2018

Was the current building constructed between 1 July 1948 and 28 October 2018? If False, application cannot proceed.

☐

Yes

☐

No

Additional storeys added

Have additional storeys already been added to the original building? If True, application cannot proceed.

☐

Yes

☐

No

Use granted by permitted development right

Was the current use of the building granted by permitted development rights? If True, application cannot proceed.

☐

Yes

☐

No

Site in restricted area

Is any part of the land or site located in a restricted area? If True, application cannot proceed.

☐

Yes

☐

No

Eligibility proposal

How the proposed development meets eligibility criteria

Principal part only

Will the additional storeys be constructed only on the principal part of the building

☐

Yes

☐

No

Ceiling height exceeds 3m

Will the internal floor-to-ceiling height of any additional storey exceed 3 metres

☐

Yes

☐

No

Existing ceiling height exceeds 3m

Will the internal floor-to-ceiling height of any existing storey exceed 3 metres

☐

Yes

☐

No

Building height exceeds 18m

Will the height of the extended building exceed 18 metres

☐

Yes

☐

No

Roof height exceeds 3.5m

Will the roof exceed 3.5 metres above the highest part of the existing roof

☐

Yes

☐

No

Roof height exceeds 7m

Will the roof exceed 7 metres above the highest part of the existing roof

☐

Yes

☐

No

Dwelling detached

Is the dwelling detached

☐

Yes

☐

No

Extension on attached dwelling

Will the extension result in the highest part exceeding 3.5 metres above the attached roof

☐

Yes

☐

No

Extension below terrace roof

Will the extension result in the highest part exceeding 3.5 metres above any roof in the terrace

☐

Yes

☐

No

Roof pitch matching

Will the roof pitch of the extended dwelling match the existing roof pitch

☐

Yes

☐

No

Window on side elevation

Will the development include a side elevation window or roof slope window

☐

Yes

☐

No

Materials similar exterior

Will exterior materials be similar to those of the existing dwelling

☐

Yes

☐

No

Dwellinghouse use

Will the extended dwelling remain as a Class C3 dwellinghouse or ancillary use

☐

Yes

☐

No

Agent contact details

Name and contact information if an agent is being used.

Agent reference

A reference to an agent object

Contact details

A structured object containing contact information for an individual. This component is required for planning in principle (PiP) applications and optional for other application types. Contains email and phone contact information.

Email

The email address that can be used for electronic correspondence with the individual

Phone number(s)

One or more telephone numbers to contact individual

Phone number

A phone number

Contact priority

The priority of a number

☐

Primary – The preferred item to use

☐

Secondary – The option to use if primary is not working

Agent details

Name and contact information if an agent is being used.

agent

Details of the agent

Reference

A unique reference for the data item

Person

Detail to help identify a person

Title

The title of the individual

First Name

The first name of the individual

Last Name

The last name of the individual

Contact address

A structured object containing an address used for correspondence.

Address Text

Text representation of an address or site

Postcode

Postcode for a contact address or site

UPRN

Unique Property Reference Number for a property

Company

The name of a company (that the agent works for)

User role

The role of the named individual. Agent or proxy

☐

Agent – A professional agent working for the applicant

☐

Proxy – An individual working on behalf of the applicant but not in a professional capacity

Applicant contact details

Telephone number and email address of the applicant.

Applicant reference

Reference to match contact details to a named individual from the applicant details component

Contact details

A structured object containing contact information for an individual. This component is required for planning in principle (PiP) applications and optional for other application types. Contains email and phone contact information.

Email

The email address that can be used for electronic correspondence with the individual

Phone number(s)

One or more telephone numbers to contact individual

Phone number

A phone number

Contact priority

The priority of a number

☐

Primary – The preferred item to use

☐

Secondary – The option to use if primary is not working

Applicant details

Name and contact information for the parties making the application.

Applicants

Details of an individual applicant for the planning application, including their personal information and contact details

Reference

A unique reference for the data item

Person

Detail to help identify a person

Title

The title of the individual

First Name

The first name of the individual

Last Name

The last name of the individual

Contact address

A structured object containing an address used for correspondence.

Address Text

Text representation of an address or site

Postcode

Postcode for a contact address or site

UPRN

Unique Property Reference Number for a property

Conflict of interest

Details of any conflict of interest that may exist between the applicant and planning authority.

Checklist

Checking whether all the requirements of the form have been met, such as proof of payment or supporting documentation.

National requirement types

List of the document types required for the given application type

You may provide more than one answer.

Declaration

Signed and dated verification of the application's accuracy.

Person reference

Declaration must be made by an applicant or agent making the application

Declaration confirmed

Confirms the applicant or agent has reviewed and validated the information provided in the application

☐

Yes

☐

No

Declaration date

The date the declaration was made

Site details

Where the proposed development will be built.

Site locations

Details of the sites where development or works are proposed

Site boundary

A polygon or multipolygon boundary

Site address

A structured object containing an address used to describe a development site.

Address Text

Text representation of an address or site

Postcode

Postcode for a contact address or site

UPRNs

Unique Property Reference Numbers (UPRNs) for existing premises within a site boundary

You may provide more than one answer.

USRNs

Unique Street Reference Numbers (USRNs) associated with the site

You may provide more than one answer.

Easting

Easting coordinate in British National Grid (EPSG:27700)

Northing

Northing coordinate in British National Grid (EPSG:27700)

Latitude

Latitude coordinate in WGS84 (EPSG:4326)

Longitude

Longitude coordinate in WGS84 (EPSG:4326)
